Darrell Fehrenbacher, President

September 16, 2021

Dear Floyd's Welding Service Customer:

We would like to take a moment to thank everyone for their loyalty and patronage over the years. When my dad opened, and I subsequently bought the business in 1984, I don't think either of us imagined it would grow into what it has. We have been so lucky to be blessed with dedicated, hard-working and amazingly talented employees. Without them and the faithful patronage of our customers, like you, we would not be here today.

As a team, who has worked so closely all these years, we have decided together to close the business, effective January 1st. I hope we have been successful in our aim to supply superior quality workmanship and excellent customer service.

As of now we are not taking in any additional work, and plan to spend the last part of the year finishing a few pieces of equipment. We would also like to take this opportunity to reassure you that our other company Imperial Trailer Manufacturing, Inc. will continue on. Being in business for so long, I have accumulated a large quantity of tooling, shop equipment, oilfield equipment and trucks that will all be sold. If you have interest in seeing what we have left check out our website at www.floydswelding.com or stop by the shop. Most of the large pieces are in the lot available for viewing at your convenience.

Again, we sincerely thank you for being with us and believing in us all these years. While I am sad to see the business end, I am excited for the future and retirement!

Sincerely,

Darrell Fehrenbacher
